

Deconstruct the Argument – Writing Assignment

Consider how the author uses:

- evidence, such as facts or examples, to support claims.
- reasoning to develop ideas and to connect claims and evidence.
- stylistic or persuasive elements, such as word choice or appeals to emotion, to add power to the ideas expressed.

Write an essay in which you explain how the author builds the argument to persuade the reader this is the correct opinion on this topic. In your essay, analyze how the author uses one or more of the features listed above (or features of your own choice) to strengthen the logic and persuasiveness of the argument. Be sure that your analysis focuses on the most relevant features of the passage. Your essay should not explain whether you agree with the writer’s claims, but rather explain how the writer builds the argument to persuade the audience.
